

# Welcome to Allen Family Farms

## 2001 Bred Cows 4 sale

---

This consignment represents aged cows making room for replacement heifers

- All cows in this consignment are Registered Angus
- All cows are calthood vaccinated
- All cows in this consignment are enrolled in the Angus (AHIR) Herd Improvement Record keeping program
- All cows produced a live calf in 2001 which was weaned only yesterday!
- All cows have been pasture exposed to our proven "Rocker" bull. Top selling Clear Dawn bull in 1998
- The "0" series of 1990 cows have been very good producers of yearling bulls and replacement heifers over the years.
- #23 (tattoo A203) is an offspring of A03 in fact.
- Due to our increasing use of Artificial Insemination in the cow herd, older cows just don't get the respect they deserve at AFF
- Black just got better when it comes to support from [Angus.org](http://Angus.org) for the Angus breeder as well as the commercial man

Should the cows be returned to your farm for calving, notify us within 30 days of sale and we will pay to transfer Angus registration papers to you. Bred cows will come safe in calf to "Rocker" and be eligible for Angus registration as well.

We hope the best for your 2002.

Preston Allen - (309) 221-1427  
Herb Allen - (309) 325-7269

Visit us on the web after the sale for continued support @

# Cows 4 Sale

## @ Allen Family Farms

---

### Bred Cows:

- Consigned to Galesburg Livestock Sales – July 17, 2001
- Fertility examined sale day
- Pasture exposed to Clear Dawn Rocker beginning May 22<sup>nd</sup>
- Weaned 7/16/2001
- All 7 head listed here calved and nursed a calf without a glitch
- Our calving average is still over 100%. Easy calving is built in at AFF!
- In fact our weaning average is even 100%.
- These cows have been top producers at AFF but there is only so much grass out there and because of several season of heifer retention, someone has to go.
- Also mid 90' AHIR enrollment doesn't earn them the respect they deserve
- Take advantage of our mandatory retirement policy and
- Don't underestimate their ability to produce several more "keeper" heifers & bulls for you.
